Bob,

See the e-mail below to the Administrator. I urge you strongly to read the attached documents, Bob – the letter more than the Executive Summary.

Of course, I would be happy to discuss this with you further should you have any questions.

Administrator McCarthy,

I'm attaching the Executive Summary of our response to the Agency's 15 day notice letter on the Pebble mine, as well as the letter itself. You may remember in our last meeting with you that Pebble's CEO Tom Collier made one request – that you read these materials personally.

I know how busy you are, but I hope you will take the time to read these documents. Given the important nature of the action the Agency is proposing, I think it would be a good use of your valuable time.

Please let us know if you have any questions.

Peter
